About Me

I'm Md. Junayed Bin Karim, a CSE student at Daffodil International University. I'm passionate about programming, web development, and AI. I enjoy learning new technologies and solving problems to create innovative and meaningful solutions.

Skills

- Management Skills
- Creativity
- Web Development
- Machine Learning & AI
- Communication
- Leadership

Education

Bachelor of Science in Computer Science and Engineering
Daffodil International University   2022 – Present
Studying core subjects like programming, algorithms, databases, and AI. Passionate about software development and exploring research in green computing and machine learning. Eager to apply classroom knowledge to real-world projects. Continuously learning to stay updated with modern technologies.

Higher Secondary Certificate (HSC)
Holy Land College, Dinajpur   Passed in 2021
Focused on science subjects with a strong academic foundation in Information and Communication Technology (ICT), Physics, and Mathematics. Developed analytical and logical reasoning skills, participated in group studies, and maintained consistent academic excellence throughout the program. This phase helped build the groundwork for my passion in technology and problem-solving.

Experience

Computer Science Tutor
Farm Coaching Center, Dinajpur   2023 – Present
Taught ICT and basic programming to students from class 1 to 10. Focused on building strong conceptual foundations through interactive lessons. Helped improve student understanding and performance.

Junior Web Developer (Intern)
DIU Project Lab   June 2024 – August 2024
Assisted in designing and developing front-end web pages using HTML, CSS, and JavaScript. Collaborated with seniors to fix bugs and improve UI. Gained practical experience in responsive design.

Machine Learning Quiz Participant
ML Bootcamp by DIU AI Club   November 2024
Secured 2nd place in a competitive quiz on machine learning fundamentals. Gained recognition for quick problem-solving and understanding of core ML concepts.

Tech Sales & IT Support Associate
Freelance / Personal Venture   2023 – Present
Managed the sale of laptops and provided basic technical support to clients. Advised customers on device specifications based on their needs. Handled product inquiries, built trust through after-sales service, and developed strong communication and negotiation skills.
